1) EBSCO Discovery Service (EDS)	1	Program
		EDS provides a fast, streamlined search through a single search box, but within the context of a greater experience that pulls together intuitive features and functionality, high-end indexing via “Platform Blending”, and instant access to critical full text, leveraged from the leading EBSCOhost research platform and databases, as well as from key information providers. And as EDS continues to evolve, the end goal remains the same-helping users to find and access the highest-quality content for the best-possible research experience.

1) EBSCO Discovery Service (EDS)	1	Program

		EDS provides a fast, streamlined search through a single search box, but within the context of a greater experience that pulls together intuitive features and functionality, high-end indexing via “Platform Blending”, and instant access to critical full text, leveraged from the leading EBSCOhost research platform and databases, as well as from key information providers. And as EDS continues to evolve, the end goal remains the same-helping users to find and access the highest-quality content

1) EBSCO Discovery Service (EDS)	1	Program
		EDS provides a fast, streamlined search through a single search box, but within the context of a greater experience that pulls together intuitive features and functionality, high-end indexing via “Platform Blending”, and instant access to critical full text, leveraged from the leading EBSCOhost research platform and databases, as well as from key information providers. And as EDS continues to evolve, the end goal remains the same-helping users to find and access the highest-quality content for the best-possible research experience.
